

Great Nava Base In East Restored

But Singapore Said Finished As Mighty Bay of Empire

By Ray McCartney
SINGAPORE, Feb. 27.—(Reuters)—The great pre-war \$104,000,000 Singapore naval base at Seletar now has been almost completely restored and is working at 80 or 90 per cent of its original planned capacity.

Except for one block destroyed by Allied bombing, almost all workshop today is operating at full potential. In addition to naval staff, 500 British civilians and 9,000 Asiatics are engaged on ship maintenance and repair.

The King George VI graving dock, 1,600 feet long by 135 feet wide and as big as those in Sydney and Melbourne, is the largest in the world. It is the first class construction, capable of taking any ship afloat. Four floating docks, ranging from 800 to 1,200 tons, also are in commission, DOCK WATERS OFF.

Only the giant 30,000-ton floating dock, lying on the sea bed where Allied bombers left it in 1945, has been written off. Its loss has made little immediate difference to the capacity of the base for it was only supplementary to the King George VI graving dock.

But the mighty "fortress" of Singapore is no more. The 15,000 guns which "protected" the wrong way have been taken into scrap and the base is now a busy port. The Second World War taught the lesson that Singapore Island, a major factor can be defended on the Malay peninsula, or farther north.

Singapore, therefore, is finished as a great Empire bastion.

In the night and temperatures dropped from 18 above at midnight to 10 below at 3:30 this morning. Wind averaged 25 mph during the night, but rose to high as 30 mph at times. Winds as high as 30 mph are reported in the Calgary district. The storm covered a section of the province about 100 miles east of the mountains.

An immediate leap in the cold snap is expected, but winds are expected to subside late this afternoon. Intermittent snow is forecast for this evening.

TRANS, BUSES OPERATE
Sweepers and graders working through the early morning hours opened the street car and bus routes, and all transit system equipment started on time.

However, street cars found the going heavy, and on some routes were slightly off schedule. The trolley buses experience no difficulty negotiating snow conditions.

Sweepers were withdrawn from service during the morning rush hours, but were placed back on track during the morning to complete the clearing of sidewalks.

The transit system stated they did not anticipate any trouble during the day.

Cry of Alarm Says Bidault

PARIS, Feb. 27.—(BUP)—Foreign Minister Georges Bidault told the assembly today the Communist coup in Czechoslovakia was "extremely dangerous" to the peace of Europe.

"Extremely grave events which menace (our) country and the defense of liberty against all tyrannies have just taken place in Prague," Bidault said, in opening debate on foreign policy.

Recalling the U.S.-British-French joint declaration condemning the Communist coup, he said, "The problem of whether democracy, founded on human liberty, can survive, has been placed squarely before us. This is not a summons, nor warning, but a cry of alarm."

"It is not possible to think," Bidault said, "that such maneuvers can continually be carried out in the European area without becoming extremely dangerous."

Would Bar Truman From Solid South

WASHINGTON, Feb. 27.—(AP)—Southern Democrats launched a new yesterday to bar Harry S. Truman's name from state ballots in the traditionally solid south.

And the Republican party was urged by Representative Clare Hoffman (Rep. Mich.) to put up a presidential candidate "acceptable" to southerners so as to destroy the Democrats' 80-year-old supremacy below the Mason-Dixon line.

"These developments came as Dixie Democrats, up in arms against President Truman's civil rights program, blocked at least until next week one of the president's proposals—a bill to make lynching a federal offense."

Acting as a unit, the "solid south" could withhold well over 100 electoral votes from Truman—far more than enough to swing a close election to another candidate.

Again Remand Girl On Murder Charge

CALGARY, Feb. 27.—(CP)—Bernice Dubinsky, 20, charged with the murder of Charles Mack Wing, Chinese tailor, last June 23, was remanded for a further eight days to March 6, when she appeared before Magistrate G. H. Rose in police court here yesterday. The court room was packed to the doors with spectators.

Communist Cabinet Sworn In By Benes

By A. I. Goshberg
PRAGUE, Feb. 27.—(AP)—President Eduard Benes today swore in a new government loaded with Communists—cabinet he is reported to have said "could have only evil results."

The frail, weary president received Communist Premier Klement Gottwald and the 12 new ministers.

LONDON, Feb. 27.—(Reuters)—Prague radio today announced that 60 officials of the ministry of information had been dismissed.

The meeting was polite and amiable. As the president said, the meeting was a success in that it was the first time the cabinet members at the presidential palace and told them "the decision to accept you was difficult personally."

The meeting took place at the Ministry of the Interior, which is the seat of the government. The meeting took place at the Ministry of the Interior, which is the seat of the government.

A secretary said the president had not resigned, as unfounded reports last night indicated he might.

Gottwald, the radio said, thanked the president "for your confidence."

"The attempt to split the government was a willful act against the interests of the people," the president said, "and the people's democracy, I, Mr. President, hereby disavow the crime."

The London Daily Graphic said today Benes did not leave his palace. It did not say where he got the information.

A close friend of Benes said last night the president told Gottwald his new government "could have only evil results" and that he yielded only because he feared civil war. Just before giving the radio address, he told his friend, "You're talking to me like Hitler."

Drama Festival Opens at Coast

VANCOUVER, Feb. 27.—(CP)—Vancouver Little Theatre's semi-annual presentation of Sidney Howard's two-act social problems study, "The Silver Cord," last night opened the three-day British Columbia drama festival.

The festival's adjudicator, Robert Stuart of London, described the performance as having a "vague uncertainty" in the opening act but generally was a "well-polished performance."

He described Sheila Norman-Martin's portrayal of "Hester" as "most convincing." However, he criticized Joyce Coghill's performance as the dominating mother as "a little too obvious and not building up to a climax."

glas supporter, Mr. Byrne was asked if such were the case.

DISAGREE WITH REPORT
"All I have been told is that they (the cabinet) did not agree with a report I made," Mr. Byrne said.

"Pressed for some information on the Douglas Council executive, the former deputy minister grew tight-lipped, insisting that he had no comment and would give no information."

Operating with Cpl. Molnar in the raids were Cpls. H. M. Silver, H. J. Adams, and Const. E. H. Heston.

Exact text of the seized documents was not known today, but it is believed they will be introduced as evidence in the trial being held when it re-opens before the supreme court during the session which opens April 2.

Chief Justice Howson is scheduled to sit at this session. However, it is believed a change in justice will be made because of Justice Howson's position as chairman of the Royal Commission on welfare.

Troopship Sails For Evacuees
LIVERPOOL, England, Feb. 27.—(AP)—The 20,000-ton troopship Samaria sailed Wednesday night to evacuate more than 2,000 British soldiers and civilians from Palestine. An army spokesman said the ship was the first large transport to call at Haifa for the evacuation of soldiers direct from Palestine.

Execute 15 Nazis For War Crimes

HAMBURG, Feb. 27.—(Reuters)—Fifteen German war criminals were executed at Hameln yesterday. Thirteen were concerned with killing 12 unarmed and resupplied Allied air force officers who escaped from Stalag Luft Three, Silesia, early in 1944.

DEATH UNMASKS MARRIED "MAN"

CINCINNATI, Feb. 27.—(AP)—Death unmasked the true identity of an aged woman who posed as a man for 45 years, city officials said yesterday.

The death last night of "Charles" Howard further disclosed the woman was married for a time to a woman.

The Howard woman had given her age to the city health department as 107, but officials said she also had described herself as 300 years old.

Aldermen Happy Over New Calendar

The inclusion of a calendar in the 1948 civic administrative directory is a timely and useful innovation made by City Clerk George Dochow.

It will eliminate the usual scramble for a calendar that took place when city council members to set over consideration of a problem to a future date.

Usually business would have to be suspended while a calendar was procured to determine whether or not the adjournment date was not a Sunday or holiday.

Montreal Buyer Visits Edmonton

Aubrey G. Boland, Montreal, manager of the wholesale section and clock buyer for Henry Birds and Sons Co., is in the city conferring with Stanley Nelson, manager of the Edmonton branch.

Mr. Boland arrived in the city this morning and will be here for a few days before continuing on to Victoria where he will present the opening of a new store March 5. He is on a routine business trip of western Canada and has visited stores in Winnipeg and Saskatoon.

Mr. Boland is of the opinion that the embargo on imports from the United States will not immediately affect the Canadian supply of watches and clocks, but expects to see a shortage if the ban is not lifted within a year.

Rockies Control Prairies' Rivers

MEDICINE HAT, Feb. 27.—The East slope of the Rockies is the source of all rivers watering the Western Plains. Benson Black of Montreal, president of the Canadian Forestry Association, told a luncheon meeting of the Chamber of Commerce here yesterday.

The newly-constituted conservation board set up by Alberta and

the Dominion, to undertake re-building of forested watersheds through modern fire prevention and engineering management was commended by the speaker.

Mr. Black warned that in view of the fire damage of 30,000 acres a year to the East slope since 1930, the board could not produce rapid and spectacular results, even with a capital expenditure of \$600,000 and the annual fund of \$200,000.

The job was to complete hands, he said, and will eventually make a vigorous contribution to the prosperity and stability of the prairie provinces.

Vote for Election In South Korea

By R. J. ANDERSON
LAKE SUCCESS, N.Y., Feb. 27.—(AP)—The United Nations' Little Assembly voted 31 to 2 Friday to hold an election in South Korea ignoring Russia's non-cooperation. There were 11 abstentions. Canada and Australia voted against the plan.

Canada contended that the American proposal was unconstitutional and a violation of the General Assembly's instructions last November.

L. B. Pearson, under-secretary for external affairs and UN representative for Canada, in the Little Assembly's consideration of the Korean problem, declared:

"I personally am unconvinced that the course which the United States recommends is one which would commend itself to the majority of the Korean people."

Says Aid, Trade To Fight Reds

CANBERRA, Feb. 27.—(Reuters)—Prime Minister Chifley told the Australian House of Representatives yesterday that Anglo-American aid the Marshall plan, lend-lease and the new trade negotiations all are linked with the "great struggle of the democracies against communism."

"Communism has grown in soil fertilized by the conservative inter-

ests of the world," he said replying to opposition criticism of Australian participation in the Havana trade talks among 58 members of the international trade organization. Chifley appealed to all Commonwealth peoples to consider international trade negotiations as a world problem and not from the point of view of narrow national interests.

For the first 17 weeks following the introduction of the five-day week in Britain in May, 1941, 875,000 tons more coal were produced than in the same period in 1940.

City Mineworkers Sign Agreement

Long Coal Company
Grants Miners Terms

First step in a return to the coal pits in the Edmonton area was taken Friday morning, according to T. A. McCloy, district representative UMW, with the signing of the first contract.

The agreement was reached with the Long Coal Company and provides for a ten-day-a-week increase for the miners and two cents-a-ton contribution to the welfare fund. These are the same terms being by miners and operators in other parts of Alberta. Work is to be resumed next Monday.

The mine of the Long Coal Co. is located in the Namsa district and the agreement was signed by Mike L. Vitay.

McCloy said other strikebound mines in the Edmonton area are still being picketed and coal production is practically nil.

The signing of the new contract still leaves more than 400 miners idle in the Edmonton field, as most other mines are still on strike.

The operators of these have stated they cannot afford to grant terms asked by the miners. "We will have to go out of business," the operators said last week.

Unemployment Figures Mount

Edmonton's unemployed for the week ending February 27 totalled 2,687 according to figures released by the National Employment Service.

Of the unemployed persons 2,708 were men and 989 women. The figure is slightly larger than last week when 2,681 employed persons were reported.

Three hundred and eight unemployed for men were reported and 212 for women. Last week 354 vacancies for men were reported and 217 for women.

Alleged "Snatcher" Is Held by Police

An alleged money snatcher was turned over to city police Thursday night by Carl Chubak, 8012 112 street.

He told police he was sitting in the Princess Confectionery, 107 avenue and 101 street, when he pulled some money out of his pocket and was about to give some to his sister when he employed there.

Chubak said the man sitting beside him grabbed the \$81 and made a dash for the door. When police arrived Chubak was arrested on the floor holding the man by the leg.

Police say the alleged money snatcher is Avery Danard, Edmonton.

SHOPBREAKER REMANDED

Thomas Schumaker, Edmonton, pleaded guilty to two charges of shopbreaking in city police court today. He was remanded to March 5 for sentence.

The accused was nabbed Thursday night ramcaking drawers in the Toronto General Trust offices on 104A street. Constable K. Farquhar was investigating a broken window at the rear of the office spotted the accused.

Found to be in possession of a cheque made out to the Prince Rupert Fish Market, he admitted having broken into that shop earlier in the evening. He had nothing to say to court.

Present Charter, Colors to Scouts

Presentation of the scout charter and colors to the Local Order of Moose Club pack about 100 was made recently. Ceremony was held at the Police Hall.

Guy W. Scott, L.O.M., was chairman at the ceremony. T. Jones, district commissioner, presented the Scout charter to F. Tooley, chairman of the scout committee, L.O.M. H. B. Hollway, provincial executive commissioner, assisted Mr. Jones in the presentation of the colors.

Cubs and Scouts were presented with a miniature charter and with Tenderfoot and Tenderfoot.

Cubs to receive their Tenderfoot badge and charter were: E. Wilson, G. Greening, D. Greening, H. Peden, L. Corbett, D. Williams, B. Stelmack and R. Hay.

Scouts to receive their Tenderfoot badge and charter were: K. Manson, N. Bunch, L. Roy, D. Allen, R. Slaght, M. Rhinehart, and R. Tooley.

Alleged "Snatcher" Is Held by Police

An alleged money snatcher was turned over to city police Thursday night by Carl Chubak, 8012 112 street.

He told police he was sitting in the Princess Confectionery, 107 avenue and 101 street, when he pulled some money out of his pocket and was about to give some to his sister when he employed there.

Chubak said the man sitting beside him grabbed the \$81 and made a dash for the door. When police arrived Chubak was arrested on the floor holding the man by the leg.

Police say the alleged money snatcher is Avery Danard, Edmonton.

HOT DOG PLUMP AND ROBED

T-Bone of the Ball Park Is Now 'Sir' Frankfurter

The hot dog has been finally accepted. The ragamuffin of meats for years, the poor man's T-bone, the ball park lunch, has not only been accepted, but now he is Sir Frankfurter, the wrinkled most comestible which draped over counters and dangled into butcher's awdard.

His knighting is taking place right here in Edmonton, right now by Swift Co.

Wise meat men from the east, with Canada's hard-hitting advertising buckster, J. Walter Thompson, are introducing Mr. Frankfurter in his exclusive robes to meet salesmen of Alberta, today and tomorrow in the Macdonald Hotel.

Sir Frankfurter is a robust opposite to his shrivelled ancestor, the wrinkled most comestible which draped over counters and dangled into butcher's awdard.

He is fat and juicy, with the fine thin skin of royalty. And he is packaged by the pound instead of heated by the yard or foot.

HE'S "ACCEPTED"

He now can stand alone on the plate. He is now recognized by recipe creators and with him go many tasty recipes.

He will be found on the plates of our finest epicures; however, he will forget his ancient and his ball park and circus forebears. In fact—written underneath his family tree—the new Frankfurter has inscribed this verse that first made his shrivelled forefathers famous:

"Don't you ever get hungry?
"Don't you ever eat?
A loaf of bread, a pound of meat,
And all the mustard you can eat,
That cleans your teeth and curls your hair
And makes you feel like a millionaire."
Hot dogs, folks.

AMA Give Dinner To Alberta Solons

Second annual reception and dinner sponsored by the Alberta Motor Association for members of the Alberta Legislature will be held Wednesday, March 10, at the Macdonald hotel. The occasion will be

marked by the recognition of services rendered to the association by numerous persons in many walks of life.

Thorhild Woman Is Dead in City

Mrs. Agnes Garden, resident of the Thorhild district for 30 years, died in a city hospital Friday morning. She was 76 years of age.

Mrs. Garden was born in Scotland and came to Canada with her husband, George Garden, in 1906. She went directly to Banff and in 1914 moved to the city. The couple took up residence in Thorhild in 1918 and have lived there ever since.

She was well known in the Thorhild district, having been active for many years in Red Cross and church work. She was a life member of the Red Cross.

Funeral service will be held Monday at Moose Hill United Church in Thorhild with Rev. Mr. Findlay officiating. Time of service is 3 p.m.

In addition to her husband, Mrs. Garden is survived by one son, George Alexander Garden of Thorhild; three daughters, Mrs. D. W. Whitby, Thorhild; Mrs. J. S. Davis of Edmonton and Mrs. H. S. McInnis, Sacramento, Calif.; and five grandchildren.

Chinese Aid Bailing Fund

When the service and recreational centre for the blind of Northern Alberta is built, Edmonton's Chinese citizens will have had a hand in bringing it about.

According to campaign officials a canvass was made among Chinese residents of the city by the Chinese Women's Club and 8000 raised to assist the blind. The canvass was conducted by a committee headed by Mrs. Leonard Fong, Mrs. Lee Tak, and Mrs. Eddy Mao, who presented the contribution to build for the blind campaign officials.

The campaign is scheduled to end Feb. 28 and objective sought is \$100,000. Just how close the campaign is to reaching its objective, officials were not able to say Friday because of the large sums still in the hands of the canvassers.

Latest figure released by the campaign officials was \$35,000.

Because of bitterly cold weather in the last few days, the campaign many canvassers, the officials say, were not able to complete their rounds as soon as possible, and new requests are being received from would-be donors to have their contributions picked up. This pickup may be arranged according to committee officials by a show call to build for the blind headquarters, phone 2481, where they may be mailed to 10055-101 street.

Possible Criminal Ring Probed Here

Possibility of an abortion ring operating in Edmonton is being investigated by members of the city police, it was learned today.

Already one man has been arrested, and it is believed one or possibly two others may be signed up shortly.

John Choufeychuk of Edmonton, was arrested overnight and charged with performing an abortion.

Appearing in court today, Choufeychuk was remanded without bail until March 13, as investigation continues.

U.K. Govt. Facing Defence Criticism

Present Forces Held Inadequate To Protect Far-Flung Territories

LONDON, Feb. 27.—(BUP)—Winston Churchill announced today that the Conservative opposition will ask the House of Commons to censure the government for apparently failing to co-ordinate and modernize Britain's national and imperial defence system.

The censure motion will be moved as an amendment to the government's motion asking for approval of its defence policy during debate Monday.

It was expected that the Falkland Islands in Antarctic, claimed by Argentina and Chile, and British Honduras, claimed by Guatemala, will figure prominently in the debate.

EDEN TO LEAD ATTACK

Prime Minister Clement Attlee and Defence Minister A. V. Alexander will speak for the government. Anthony Eden will lead the opposition. Churchill was not expected to speak.

Viscount Hall, first lord of the admiralty, issued a memorandum to the navy's budget estimates, outlining the government's naval policy. In accordance with the current economic drive, Hall said, the navy was called for reductions in all phases of its work except scientific research.

He said operations strength of the navy was two battleships, four light aircraft carriers, 16 cruisers, 34 destroyers, 29 frigates, 28 submarines and 12 minelayers.

TRAINING VESSELS

In addition, there were two battleships, two carriers, three light cruisers, 10 destroyers, 18 frigates, eight submarines and two minelayers used for training and experimental purposes.

One battleship, three carriers, one cruiser, 13 frigates, 60 destroyers, 126 frigates, two monitors, 21 submarines and 51 minelayers are being held in reserve.

The Conservatives were expected to take the stand that the fleet's hardness is large enough to protect Britain's far-flung territories.

Pension Demands Worry Coal Owners

WASHINGTON, Feb. 27.—(AP)—Soft-coal mine owners today sought an answer to John L. Lewis' pension demand to head off a possible new contract crisis.

Lewis, head of the independent United Mine Workers, has proposed using the miners' welfare and retirement fund to pay a \$100-a-month pension to 60,000 miners who have worked 30 years in the pits.

The fund is growing from a 10-cent-a-ton royalty under terms of last year's one-year contract.

The operators insist the Lewis demand would require a much bigger contribution—perhaps 50 cents a ton, some say.

Lewis made his proposal to the fund trustees, of which he is one. The neutral member, Thomas E. Murray, quit. The operators' representative is Ezra T. Van Horn.

Brief Quake

LIMA, Peru, Feb. 27.—(AP)—A brief but strong earthquake rocked Lima and nearby cities at 8 p.m. CST last night.

HOUSEKEEPER WILLED \$100 MONTH FOR LIFE

VANCOUVER, Feb. 27.—(CP)—Miss Veronica Meddings, long-time housekeeper for Mrs. B. Bogg, wealthy widow, who died here Jan. 15, has been willed \$100 a month for life, it was learned yesterday.

From her \$500,000 estate, she also left \$1,500 to her Chinese cook, and \$200 a month for life to a brother, James Shippard of Chicago.

The British Columbia Cancer Institute will also share in the estate.

The will stipulates also that the bequests should be clear of succession duty. Substantial amounts will also be received by the crippled children's hospital here and the Vancouver preventionists.

The three institutions will receive the residue after the bequests to the three heirs have been made.

EVEN TRAPPING IS NO LONGER MAN'S WORLD

OTTAWA, Feb. 27.—(CP)—It's no longer a man's world—ever in the North West Territories.

Dr. Harrison Lewis, chief of the Dominion Wildlife Service, said the Fish and Game Association last night that when registered trapping grounds are established in the North West Territories all the trappers will not be males.

Indian widows with their children will be allowed special areas in which to set traps.

No Appeals Filed By Union Miners

LETHBRIDGE, Alta., Feb. 27.—(CP)—No appeals have been received here against the dismissal of claims of unionized coal miners for unemployment insurance payments while they were on strike, it was learned yesterday.

A few non-union miners entered appeals against the dismissal of their claims. The appeals are likely to be heard next week by the local court of referees for the unemployment insurance Act.

During the strike, about 300 mine workers filed claims for unemployment insurance.

Alien Plot Leaders Said Held in Britain

MONTREAL, Feb. 27.—(CP)—The Montreal Daily Star said in a newspaper story yesterday it was reported that ring-leaders in a plot to sell fake immigration papers to aliens wanting to come to Canada had been arrested in Britain and that two of the seven aliens arrested here with fixed papers were flown back to Britain Wednesday night to identify them.

Immigration authorities declined their deportation was ordered they were freed on bond pending arrangements for their return to Europe.

FIVE IN TORONTO The remaining five were said to be in Toronto. All seven had told authorities they entered Canada after paying large sums for the fake papers.

The Star said that whether Kuper and Smole would be permitted to return to Canada by legal means had not been decided but it was believed here that testimony against the persons from whom they purchased the documents might have a bearing on their future movements.

Hong Kong Details Again Demanded

Tory Claims King Was Aware War in Far East Imminent

OTTAWA, Feb. 27.—(CP)—The Progressive Conservative opposition, pressing for details of the ill-fated defence of Hong Kong in 1941, tossed another demand for information into the government's lap yesterday.

Gordon Graydon (PC-Peel) asked in the Commons whether Prime Minister Mackenzie King was aware, three days before Canada's Hong Kong force of 2,807 sailed for the Far East, that war in the Pacific was imminent.

He also demanded that the government make public the evidence of the Royal Commission which in 1942 investigated the organization and dispatch of two Canadian regiments—the Winnipeg Grenadiers and the Royal Rifles of Canada—to the British colony which was isolated to the Japanese Christmas Day, 1941.

KING ASENT

Prime Minister King absent from the Commons yesterday because of a cold, announced Tuesday that the commission evidence will be tabled, with certain coded messages "paraphrased." He said a letter written in 1942 by Premier Duff of Ontario, criticizing the commission findings, will not be tabled.

Mr. Graydon quoted an editorial in yesterday's edition of the Toronto Globe and Mail which said in part: "Could it be that Mr. King's reluctance to table the Duff letter, which is going to fantastic lengths to show the fact that Mr. Duff referred to a communication from a high British diplomat, dated Oct. 24, 1941, telling Mr. King that 'altered circumstances' obtained in the Pacific?"

"Is this the document he is afraid to put before the public, because it shows that Mr. King knew, three days before the sailing of the Hong Kong expedition, that these untrained, unarmed men would not be facing a period of ordinary garrison duty but the virtual certainty of a war?"

Mr. Graydon continued: "What I want to know... and what Canadians generally want to know is, did the prime minister receive, see or have any knowledge of the communication referred to in this editorial?"

David Croft (L., Toronto Spadina) introduced the Palestine issue, and said Canada could serve as the "conscience" of the United Nations in helping the international organization to implement its decision to partition the Holy Land.

Mr. Croft, son of Russian-Jewish immigrants, said the partition issue involved the larger question of the United Nations to solve major problems, as well as the immediate matter of the welfare of Palestine itself.

MUST BE IMPLEMENTED
He declared the partition decision must be implemented and said failure to do so would lead to civil war in Palestine—and on Soviet Russia's doorstep. Palestine thus must become another war-torn Spain.

Canada could do her proportionate share but could not be asked to do more. While the method of implementation was perhaps not within her province, she should consider the alternatives carefully. Failure of the UN on this issue would put the world in an "unthinkable position."

Individual Permits For Some Imports

OTTAWA, Feb. 27.—(CP)—Finance Minister Abbott announced yesterday that, effective March 1, individual permits will be required for import of certain goods, equipment and materials unless they were in "continuous and uninterrupted transit to Canada" on or before Feb. 28.

Items under the permit requirement included: Automobiles and trucks; packing cases and cigarettes; and including tobacco-preparing machines.

Electric line turbo generator sets of 700 horsepower and greater, and complete parts thereof for production of electricity.

Safes, doors and door frames for vaults; scales, balances, weighing beams and strength-testing machines.

LIBERALS NOT RECKLESS
OTTAWA, Feb. 27.—(CP)—A bromeliad game and not the far from reckless Liberal government was responsible for 50 Liberal members of the Commons showing at their desks yesterday wearing flaming red neckties.

Park Mansour (PC-Donair) asked if there was any significance between the fact of Czechoslovakia and the number of red ties worn on Liberal side. He got no answer.

Later, it was learned that a group of Liberal members played a bromeliad game at nearly midnight. On Wednesday night which ended in a two-all tie. The ties originally slated for the winners were divided among the two teams.

FAVORS INDUSTRIES MOVING TO ALBERTA

OTTAWA, Feb. 27.—(CP)—J. M. Dechene (L.-Athabasca) said yesterday in the Commons that industries should be moved from Central Canada to Alberta to take advantage of the huge resources in that province.

Resuming the Charnock speech debate, Mr. Dechene said the policy of carting coal from Alberta to Central Canada should be discontinued. Industries should be established where the coal was found.

"Instead of bringing coal to Newcastle, let us bring industries to Newcastle," he said.

Ukrainians Will Adopt English As Official Language

WINNIPEG, Feb. 27.—(CP)—Officials of the Association of United Ukrainian Canadians, which held its annual convention in Toronto recently, said yesterday the Ukrainian language should be the official language for such groups.

Association leaders said it had been decided to introduce English, in addition to Ukrainian, at the recent Toronto convention because 65 to 75 per cent, of the 30,000 Ukrainians now in Canada were born in this country and many find it difficult to express themselves as fully as they wish in Ukrainian.

Hydro Plans Huge Cycle Conversion
TORONTO, Feb. 27.—(CP)—Premier Duff of Ontario announced last night that his government has decided to recommend to the Ontario legislature conversion of the Hydro-Electric Power Commission of Ontario from 25 to 60-cycle frequency. He estimated gross cost of the conversion at \$19,000,000.

Business Tax

The above air view photo was taken from one of the many planes which dropped supplies to the fighting village of Makovik, Labrador, showing ruins of houses and warehouses that contained winter food for settlement. A dog sled driver brought out first news of the tragedy since the villagers' radio was destroyed in the fire. Picture below shows some of the 130 inhabitants of Makovik gathered around a bundle of food and medical supplies dropped from Canadian and American planes.

WHEN CONTROLS LIFTED LAST FALL

Reveal Govt. Got Tough To Hold Bread Prices

By John Leblanc
OTTAWA, Feb. 27.—(CP)—The government got tough with the baking industry to hold down bread prices after the removal of controls last fall, the Commons prices committee was told yesterday.

Kenneth J. Taylor, prices board chairman, disclosed the industry had been threatened with "serious trouble" if prices went up more than three cents a loaf at that time. General increases on standard 24-ounce loaves were held at that point. However, Mr. Taylor did not claim full credit for the board, though he told of "anonymous" of some bakers who wanted bakers as much as four and five cents.

While the board at that time had more selling powers, the evidence showed, what it did was hold over the bakers the threat of a full investigation of their operations under the still-existing "unreasonable and unjust" price clause of the prices board regulations.

JUMPED ANOTHER CENT
Subsequently, in January, some bread prices in Toronto and Montreal did go up by another cent, but Mr. Taylor would not say yesterday that increase was unjustified at that time.

Since September, he said, bakers had undergone further increases in costs, and the bakers had information some were "showing substantial losses."

Mr. Taylor considered the January one-cent jump not of the kind that is clearly unreasonable or unjust. For that reason, the board had not launched such an investigation.

Asked by Douglas Harkness (PC—Calgary East) if it was fair to say that the board had not tried to set the 13-cent price that developed in September, Mr. Taylor said that was not the case. It had tried to limit the price to that maximum.

Lethbridge Man Heads Optometrists
CALGARY, Feb. 27.—(CP)—C. A. Palmer, Lethbridge, has been elected president of the Alberta Optometric Association, during business sessions of the 26th annual convention here yesterday. A. G. Miller of Lethbridge will continue for another year as secretary-treasurer.

Elected to the council for a two-year term were D. R. Francis, Edmonton; B. Northfield, Calgary; and John Battelle, Calgary. Those continuing as council members for another year are J. A. Ross, Calgary; J. Lampard, Red Deer; Earl Berge, Edmonton; and Fred Nuttall, Lethbridge.

Ask Higher Income Tax Exemptions
REGINA, Feb. 27.—(CP)—The Saskatchewan legislature passed yesterday for an increase in income tax exemptions of \$1,000 for single persons and \$2,000 for married persons. The resolution was introduced by M. H. Peiray (CCF—Canora).

Don't Suffer from CHRONIC BRONCHITIS
"Several years ago, I began to suffer from very irritating bronchitis," writes Mrs. W. Lawrence, 25 John St., Box 167, St. John's, P.E.I. "I tried many remedies but without success. Fortunately, I decided to try B&B-M&M, and before long I was cured. I feel as good as new and am able to do my work without any trouble. Don't suffer from chronic bronchitis. Get B&B-M&M today."

Camrose Wallops Mercurys 5 to 1 To Square Series

Voytechek and Marshall Pace Maroons With Two Points Each

CAMROSE, Feb. 27.—Clicking on their passes and around the net, Camrose Maroons rode to a 5-1 victory over Waterton Mercurys here last night to square the Northern Alberta intermediate hockey final at a game apiece.

Mercurys took the opening game in Edmonton by a 6-4 count and Waterton has been selected as the scene of the decisive third match. The winner of the series will play the Southern champions for the Alberta crown.

The Camrose goalkeeping was well served, with Joe Voytechek and Les Marshall gathering in a goal and an assist apiece to lead the way. Max McLean, Phil Hehn and George Hertz led the team. Harvey Dodd saved the Maroons from a 2-2 tie in the second and a 1-1 tie in the third.

Both teams played a wide-open brand of hockey, dividing two goals in the first period. Maroons scored a 2-1 lead in the second and a 1-1 tie in the third.

Camrose took the lead in the third period, but Marshall, the goalie, kept the Maroons from taking a lead in the first half of the game. Marshall, the goalie, kept the Maroons from taking a lead in the first half of the game.

Inquiry Into Hockey Gambling Intensified

DETROIT, Feb. 27.—(AP)—The full resources of Michigan officials were thrown yesterday behind an investigation of reported betting by National Hockey League players on the outcome of a game between the Detroit Red Wings and the Chicago Blackhawks.

These "house rules" include: 1. Reports that James "Honey" Baker, convicted bank robber and well-known gambler, had acted as go-between in betting involving two well-known hockey players.

2. The possibility that Baker may have information about the national level money game, which is being played by two well-known hockey players.

BRITISH INDUSTRIES FAIR

1948
MAY 3-14

On May 3rd 1948, when the British Industries Fair opens, buyers from all over the world will have an opportunity of inspecting the products of 3,000 United Kingdom manufacturers.

This annual event is the world's largest national trade fair. Such is its size and importance that you are urged to come yourself. You are assured of personal contact with actual manufacturers or sole selling agents and you will find exhibits carefully grouped by trades so that comparisons may be made quickly. Above all you will see new achievements, new methods of manufacture and new ideas all executed with superb craftsmanship.

This is your only opportunity in 1948 to review within a few days the achievements of 87 United Kingdom industries.

For information and assistance you should apply to the nearest British Trade Commissioner's Office.

few unsuccessful attempts to put a good "lead" on her story, gave it up as a bad job. "I don't like it," she told her mother, Mrs. Frank Howard. —Photo by Howard

Edmonton Man Gets CPR Freight Post

Six personnel changes in freight traffic division of Canadian Pacific Railways for the prairie region were announced today by Harry Arkle, newly appointed assistant freight traffic manager at Winnipeg.

It is known that Winnipeg is promoted to divisional freight agent at Calgary, succeeding T. Hanks who now goes to Vancouver as general freight agent.

Mr. Wright comes to Edmonton with wide experience in western railroading.

Starting as a clerk at Regina in 1919, he served with the freight department of Moose Jaw, Saskatoon, Winnipeg, Edmonton and Drumheller. He has held city freight agent at Calgary in 1946.

Liquor Setup Irks Drys

Appointment of a full time director of alcohol education in Alberta schools is being sought by the Associated Temperance Forces in convention convened here Thursday evening.

In pressing their demands for such a branch in the educational setup, the association pointed out that all other western provinces have a temperance program in force in their schools.

The convention also asked provincial government to add provisions to the liquor legislation which would prohibit mixed drinking in public beverage rooms.

Criticism of the Canadian Legion for selling beer was also voiced in resolution, the convention said. "We cannot consider Canadian Legion buildings which have a beer license as a fitting memorial to tribute to our soldier boys."

Ontario Boast Under Fire Here
Dr. J. L. Robinson (ND Medicine Hat) challenged an Ontario boast that workmen's compensation benefits in that province had a broader application than in any other.

Alberta's compensation act makes for complete coverage of all workmen, he said, a claim which in other provinces can make.

He was moving the acceptance of the report of the legislative committee, appointed to study the administration of workmen's compensation in Alberta, which he headed.

The committee found both labor and industry had been very fair in their approach to problems, but added it had been found necessary to increase benefits to the extent most labor groups requested.

Had benefits been limited to the amount suggested, Dr. Robinson said, resulting discontent against the government would have been great.

He commended the sympathetic attitude he had found in the board members. They are making every effort to give the workmen every consideration, he said.

Social Credit MP Criticizes Govt.
OTTAWA, Feb. 22.—(CUP)—Vice-Speaker of the House, Mr. J. L. Macdonald, said today that the federal government "gives the impression of being a government of the people, but not for the people."

He said in an address that there is a "great gap" between the government's agricultural policy and the needs of the farmer.

The policy of "farming for the farmer" has been the policy since 1931, he said, but it has not been working.

Premier Lashes Out At Liberals and CCF

Page, Roper, Frowse Feel Weight of Attack

By TED HORTON
Premier Ernest Manning came out of his corner punching, as he entered the Thruway Speech debate on Thursday afternoon, to look on all comers.

He opened his address with a kindly diagnosis of what he called "reaction fever," a disease which he said, was peculiarly among political party leaders at present.

One of the symptoms of the disease was the tendency to make ridiculous statements while under the delirium this violent disease brings in its wake. Coupled with the delirium was an insistence on setting election dates.

He was kindly in his reference to Percy Page (Ind. Edmon) and the leader of the opposition who "was a perfect gentleman and who never has been known to be small, vindictive or intentionally unkind."

Page is "a little mad," he said, "but he is not a madman. He is a man who is going to miss his chance in the next election," he said, "and he is not a madman."

"When Mr. Page made reference to keeping alive the 'flame of the party,' he was not a madman. He was a man who was going to miss his chance in the next election," he said, "and he is not a madman."

"The people of Alberta outgrow this reaction fever," he said, "and they will get the best of the parties many years ago."

Manning Gives Servicemen Assurance

Servicemen taking land on the Warman claim clearing project were assured by Premier Ernest Manning on Thursday that the government would only call in the claim when a money pay the cost of preparing the land and of supplying essential services.

The premier was speaking in the Thruway Speech debate and in the project, he said, the clearing had been made by Harper Bros. of Warman.

The government will not call on the veterans for more than the cost to the province of preparing the land and providing services, the premier said.

"The people of Alberta outgrow this reaction fever," he said, "and they will get the best of the parties many years ago."
